Overview of Changes

The federal government is changing the unique identifier used for entities from the D-U-N-S® Number to the Unique Entity ID (SAM), generated by SAM.gov. Today, the two numbers appear side-by-side in the following systems:

- SAM.gov
- FPDS
- eSRS
- FSRS
- CPARS
- FAPIIS

On April 4, 2022, the D-U-N-S® Number will be removed from all of these systems and the Unique Entity ID (SAM) will be the authoritative identifier.

What Is a Unique Entity Identifier?

A unique entity identifier (UEI) is a number or other identifier used to uniquely identify a specific entity. The UEI is used within SAM.gov and other government award and financial systems as a primary key to identify a unique entity.
